

Banners & Signage on Library Grounds Policy

Thanks in part to its location in the Town Center, the Cary Memorial Library receives frequent requests to display signage or banners on the library's building and grounds. In order to maintain a welcoming environment for all and out of respect for our historic location, the Library Board of Trustees allows only library or library affiliate (Cary Library Foundation or Friends of Cary Library) programs to be advertised on the library property.

This policy applies to banners, yard signs, sandwich boards, and the Library's Massachusetts Avenue Kiosk. Signs placed without the explicit permission of the Library will be removed.

Policy approved by Library Board of Trustees – 5/5/21, updated 6/20/23
