

# plastic egg ROCKETS!

1) Glue or tape a piece of construction paper into a tube that fits snugly around the plastic egg.

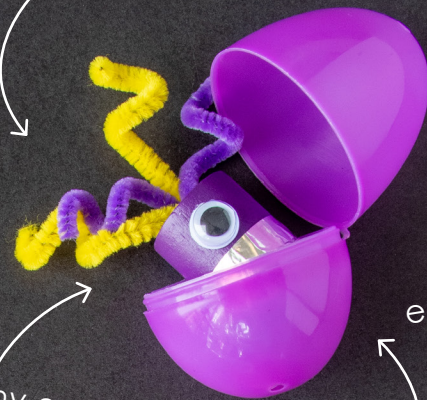

2) Decorate your rocket with paper, foil, markers, & glue.

3) Make an alien to pilot your rocket from the wooden bead. I like to add antennae made from pipe cleaners.

## You will need:

- Cardboard tube
- paper
- a large bead
- pipe cleaners
- googly eyes (optional)
- plastic egg (should fit snugly in the top of the tube)
- scissors
- glue or glue stick

add pipe cleaner antennae

how many eyes does your alien have?

escape pod or cockpit

add fins or booster rockets
